G7 minus two: Leaders agree to ocean plastics charter

Five of the G7 nations, without the US and Japan, have agreed to an ocean plastics charter. But will such non-binding measures be enough for the world's industrialized countries to beat plastic pollution together?

ASEAN joins movement to beat plastic pollution

JAKARTA, 2 July 2018 – ASEAN – led by the ASEAN Centre for Biodiversity (ACB) – observed the World Environment Day on 5 June 2018, and joined the movement to reduce plastic wastes for environment in the region.
